# Akela<sup>®</sup> 2% Gel

Erythromycin

PHARMACEUTICAL

## Indication

Akela<sup>®</sup> Gel is indicated for the treatment of acne.

## Posology and Administration

Akela<sup>®</sup> Gel is applied to the skin areas with moderate to severe acne lesions twice a day, morning and evening.

## Pack Size

30 g

# Akela<sup>®</sup> Forte 4% Gel

Erythromycin

PHARMACEUTICAL

## Indication

Akela<sup>®</sup> Gel is indicated for the treatment of acne.

## Posology and Administration

Akela<sup>®</sup> Gel is applied to the skin areas with moderate to severe acne lesions twice a day, morning and evening.

## Pack Size

30 g

# ClindaTre<sup>®</sup> Gel

12 mg/g Clindamycin phosphate + 0.25 mg/g Tretinoin

PHARMACEUTICAL

## Indication

ClindaTre<sup>®</sup> Gel is indicated for the treatment of acne (acne vulgaris; acne, teenage acne) for those over 12 years of age. These two active ingredients in acne are more effective when used in the same gel than they are used separately.

## Posology and Administration

Before going to bed, a chickpea-sized amount of ClindaTre<sup>®</sup> Gel is applied once a day.

## Pack Size

30 g

# Sulfafur<sup>®</sup> Cream

10 % Sodium sulfacetamide

PHARMACEUTICAL

## Indication

Sulfafur<sup>®</sup> Cream is used in the local treatment of acne and rosacea.

## Posology and Administration

Sulfafur<sup>®</sup> Cream is used twice daily, morning and evening. Applied on the skin as thin layer and rubbed.

## Pack Size

30 g

Acne

# Tre<sup>®</sup> Cream

0.05 % Tretinoin

PHARMACEUTICAL

## Indication

Tre<sup>®</sup> Cream is used in the treatment of acne vulgaris (pimples) characterized by comedones, papules and pustules.

## Posology and Administration

Tre<sup>®</sup> Cream is applied to the skin once a day at night.

Pack Size 30 g

# Androvium<sup>®</sup> 2%-5% Topical Solution

Minoxidil

PHARMACEUTICAL

## Indication

Androvium<sup>®</sup> is indicated for the long-term treatment of male pattern hair loss (Androgenetic Alopecia), preventing hair loss and stimulating hair growth

## Posology and Administration

Androvium<sup>®</sup> is applied to the area with hair loss 2 times daily, 5 sprays (1 ml) in the morning and evening.

Pack Size t60 ml

# Androvium<sup>®</sup> 2%-5% Topical Foam

Minoxidil

PHARMACEUTICAL

## Indication

Androvium<sup>®</sup> is indicated for the long-term treatment of male pattern hair loss (Androgenetic Alopecia), preventing hair loss and stimulating hair growth.

## Posology and Administration

Androvium<sup>®</sup> is applied twice a day to completely dry hair and scalp as two sprays, not exceeding 1 g.

Pack Size 90 g

# Eflorin<sup>®</sup> Cream

13,9% Eflornitine hydrochloride

PHARMACEUTICAL

## Indication

Eflorin<sup>®</sup> Cream is indicated for the treatment of facial hirsutism (excessive hair growth or hair growth) in women.

## Posology and Administration

Eflorin<sup>®</sup> Cream should be applied to the affected area twice daily, at least eight hours apart.

Apply a thin layer of cream to a clean and dry area, should be applied and thoroughly fed into the skin.

Pack Size 30 g

Acne

Hair Loss

Hirsutism  
(Excessive Hair Growth)

Homocystinuria

# Homosistinex 1 g Oral Powder

Betaine Anhydrous

PHARMACEUTICAL

### Indication

Adjunctive treatment of homocystinuria, involving deficiencies or defects in:

- Cystathionine beta-synthase (CBS),
- 5,10-methylene-tetrahydrofolate reductase (MTHFR),
- Cobalamin cofactor metabolism (cbl).

Homosistinex® should be used as supplement to other therapies such as vitamin B6 (pyridoxine), vitamin B12 (cobalamin), folate and a specific diet.

### Posology and Administration

Adults and pediatric patients 3 years of age and older recommended dosage is 6 grams per day, administered orally in divided doses of 3 grams twice daily. Pediatric patients less than 3 years of age recommended starting dosage is 100 mg/kg/day, administered orally in divided doses of 50 mg/kg twice daily, total maintenance dosage is 50 mg/kg/day given 2 doses as 25 mg/kg.

Pack Size 180 g

Itching

# Purdox® Cream

5 % Doxepin hydrochloride

PHARMACEUTICAL

### Indication

Purdox® Cream is indicated for the short-term (up to 8 days) treatment of moderate itching in adults with atopic dermatitis and Lichen simplex chronicus.

### Posology and Administration

Purdox® Cream should be administered as a thin layer 4 times a day with at least 3-4 hours between applications. It is applied topically only.

Pack Size 30 g

Local Anaesthetic

# ntcain® 100 mg/10 ml Solution for IM Injection

%1 Procaine hydrochloride

PHARMACEUTICAL

### Indication

The procaine hydrochloride in Ntcain® belongs to the ester structured anesthetic group and is used for local infiltration anesthesia (wound, minor surgery, burn, damaged skin (abrasions) etc.).

### Posology and Administration

Local infiltration anesthesia: Dose, in general depends on required anesthetic effect and the width of area to be anesthetized.

For infiltration in adults, maximum dose for anesthesia is 1000 mg in 24 hours. (10 ampoules). With infiltration anesthesia and in relevant application for dental treatment dose is usually 1 or 2 ml of Ntcaine®. It is administered intramuscularly.

Pack Size 50 Ampoules

Urea Cycle Disorder

# Hiper-Amonemix® Granules

940 mg/g Sodium phenylbutyrate

PHARMACEUTICAL

### Indication

Hiper-Amonemix®, is indicated as adjunctive therapy in the chronic treatment of urea cycle disorders including carbamylphosphate synthetase (CPS), ornithine transcarbamylase (OTC) or argininosuccinate synthetase (ASS) deficiencies.

### Posology and Administration

Normal dose of total daily sodium phenylbutyrate in clinical studies:

- Newborns, infants and children weighing less than 20 kg: 450-600 mg/kg/day
- Children, adolescents and adults weighing more than 20 kg it was determined as 9.9-13.0 g/m<sup>2</sup>/day.

Pack Size 266 g

# Monotone® %20 Cream

Monobenzen

PHARMACEUTICAL

Vitiligo

## Indication

Monotone® is a permanent depigmenting agent that permanently depigments normal skin surrounding vitiligo in patients with widespread (greater than 50 percent of body surface area) idiopathic vitiligo.

## Posology and Administration

Unless otherwise recommended by the doctor, it should be applied and rubbed into the pigmented area surrounding the vitiligo skin in a thin layer twice a day.

**Pack Size** 113,5 g

# Hyalix® Capsules

Synovial Effusion

FOOD SUPPLEMENT

| Ingredients   | 2 Capsules Provide |
|---|--------------------|
| Hyaline®<br>(Hyaluronic Acid, Glycosaminoglycan<br>Hydrolyzed Collagen Complex) | 80 mg              |

| Vitamin B12 (Methylcobalamin)                          | 12 µg              | Selenium                         | 100 µg             |
| Vitamin C  | 100 mg             | Molibden                         | 50 µg              |
| Vitamin D3 (1000 IU)                                   | 25 µg              | Chrome                           | 45 µg              |

Lacmix® Capsules provides the vitamins, minerals and EPA-DHA that mother needs during breastfeeding. It enriches the content of breast milk and helps to increase the amount of milk.

**Recommended Use** The recommended dosage is 2 capsules per day, taken with water.

**Pack Size** 60 capsules

## PIKASSOS® Tablets

Polycystic Ovary Syndrome

FOOD SUPPLEMENT

| Ingredients                                    | 3 Tablets Provide |
|--|-------------------|
| Inositol                                       | 2000 mg           |
| Resveratrol (Trans-resveratrol)                | 1500 mg           |
| Zinc (Zinc picolinate)                         | 14,8 mg           |
| Selenium (L-selenomethionine)                  | 200 µg            |
| Chromium (Chromium picolinate)                 | 200 µg            |
| Vitamin D                                      | 25 µg             |
| Folic acid ((6S)-5-methyltetrahydrofolic acid) | 400 µg            |

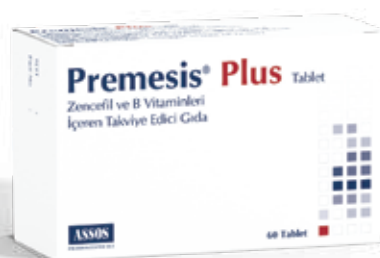

Pikassos® Tablets helps to increase ovulation, reduce insulin level and resistance, increase estrogen levels, improve LH:FSH ratios, reduce free-flowing testosterone levels, reduce hirsutism, alopecia and reducing acne problems in PCOS.

**Recommended Use**

The recommended dosage is 3 tablets per day, taken with water.

**Pack Size** 45 tablets

## Premesis® Plus Tablets

Pregnancy Nausea

FOOD SUPPLEMENT

| Ingredients                                    | 2 Tablets Provide |
|--|-------------------|
| Ginger extract ( <i>Zingiber officinale</i> )  | 1000 mg           |
| Folic acid ((6S)-5-methyltetrahydrofolic acid) | 400 µg            |
| Vitamin B1 (Thiamine pyrophosphate)            | 100 mg            |
| Vitamin B6 (Pyridoxal 5'-phosphate)            | 10 mg             |
| Vitamin B12 (Methylcobalamin)                  | 12 µg             |

Premesis® Plus Tablets helps to reduce nausea, which is common in the first 3 months of pregnancy, and to meet the need for folic acid.

**Recommended Use**

The recommended dosage is 2 tablets per day, taken with water.

**Pack Size** 60 tablets

### Pack Size

300 ml

# PanPlus<sup>®</sup> Gold Shampoo

COSMETIC

| Ingredients                         |
|-------------------------------------|
| Caffeine                            |
| Vitamin B3                          |
| Biotin Source Pisum sativum Extract |

PanPlus<sup>®</sup> Gold Shampoo: A scientifically formulated shampoo enriched with caffeine and biotin to stimulate hair follicles, combat thinning, and strengthen fragile hair strands for a thicker, more resilient appearance

### Recommended Use

Apply PanPlus<sup>®</sup> Gold Shampoo onto wet hair. Gently massage onto the scalp. Leave for a few minutes then rinse.

### Pack Size

200 ml

# PanPlus<sup>®</sup> Gold Lotion

COSMETIC

| Ingredients                                    |
|--|
| Melatonin                                      |
| Pisum Sativum Extract                          |
| Caffeine                                       |
| Serenoa Serrulata (Saw Palmetto) Fruit Extract |
| Cucurbita Pepo (Pumpkin) Fruit Extract         |
| Mentha Piperita Leaf Water                     |
| Lavandula Angustifolia (Lavender) Flower Water |

PanPlus<sup>®</sup> Gold Lotion non-greasy daily treatment that energizes hair follicles and combats early thinning through a potent blend of melatonin, caffeine, and saw almetto to revitalize hair vitality

### Recommended Use

Shake well before use. Apply Panplus<sup>®</sup> Gold Lotion onto the scalp one daily. Gently massage the solution onto the scalp for 10-20 seconds. Do not wash and rinse hair for at least three hours. For the best result, it is recommended to be used with Panplus<sup>®</sup> Gold Shampoo.

### Pack Size

125 ml

# Sebovium<sup>®</sup> Forte Shampoo

COSMETIC

| Ingredients  |                   |
|--|-------------------|
| Epilobium Angustifolium extract (Defenscalp <sup>®</sup> ) | Salicylic acid    |
| Panthenol  | Propylene         |
| Coconut Oil ( <i>Cocos nucifera</i> Oil)                   | Glycol            |
| Juniper Tar ( <i>Juniperus communis</i> )                  | Sulfur            |
| Selenium Sulfite   | Piroctone olamine |

Sebovium<sup>®</sup> Forte Shampoo: An advanced triple-action dermocosmetic shampoo designed to treat seborrheic dermatitis and dandruff by providing rapid relief from itching, redness, and flaking while maintaining the scalp's oil and moisture balance

### Recommended Use

Apply Sebovium<sup>®</sup> Forte Shampoo onto wet hair. Lather by gently massaging the scalp. Leave for a few minutes or as advised by your doctor then rinse.

### Pack Size

250 ml

Hair Care

# Silistar® Gel

Silicone Gel

COSMETIC

Silicon Gel

### Ingredients

|                          |
|--------------------------|
| Cyclopentasiloxane       |
| Dimethicone Crosspolymer |
| Isosorbide Dicaprylate   |

Silistar® Gel: A specialized topical silicone gel designed to prevent and treat hypertrophic scars and keloids by hydrating the skin and improving overall scar appearance

### Recommended Use

Prior to application, the area to be treated should be cleaned and dried gently. A small quantity of Silistar® Gel should then be applied to the skin by gently kneading with the fingertips. This process should be repeated two times a day.

Pack Size 50 g

# Depigmenta® Cream

Depigmentation Cream

COSMETIC

Preserving The Natural Color Of The Skin

### Ingredients

|                            |  |
|----------------------------|--|
| Alpha Arbutin              | Mentha Piperita Oil / [Mentha Piperita (Peppermint) Oil] |
| Niacinamide                | Lactobacillus / Papaya Fruit Ferment Extract             |
| Tranexamic Acid            | Glycyrrhiza Glabra Root Extract                          |
| Ascorbyl Tetraisopalmitate | Morinda Citrifolia Fruit Extract                         |
| Lavandula Angustifolia Oil | Allantoin  |
| Hexylresorcinol            |  |

Depigmenta® Cream: An advanced depigmenting formula designed to treat and prevent hyperpigmentation by controlling every step of the pigmentation process and removing existing skin spots for a more even skin tone

### Recommended Use

Use twice a day on the targeted areas with gentle massage. It is recommended to use sunscreen with StPF50+ during the day.

Pack Size 40 ml

# Tritone® Forte Cream

Hyperpigmentation Cream

COSMETIC
